Cold pressing mark on the body, 2.5mm height,depth: 0.5mm

Technical drawing of a hexagonal cap nut showing three views: front, top, and side. The front view shows a hexagonal body with a central hole, a 45° chamfer, and a 30° chamfer. The top view shows the hexagonal shape with a central hole, a 15MM diameter, and a 1φ1 hole. The side view shows the hexagonal shape with a 1.2X45° chamfer, a 90° 1.6 chamfer, and a 1+0.2/0 chamfer. The drawing includes various dimensions and tolerances.

Technical requirements

- The blank has no forging defects;
- Sand blast, brass color;
- Threads must meet the standard requirements;
- Undeclared chamfer 45°
